MEMORANDUM FOR THE OFFICE OF CONGRESSIONAL AFFAIRS, LEGISLATIVE DIVISION,
CENTRAL INTELLIGENCE AGENCY (ATTN:)

STAT

SUBJECT: Draft Intelligence Authorization Bill for FY '88

1. Attached are the proposed submissions from the Defense Intelligence Agency for the draft Intelligence Authorization Bill for Fiscal Year 1988. These legislative proposals involve some minor revisions, one deletion and some additions to the items proposed earlier for the Legislative Program for the First Session of the 100th Congress. Item 100/1-31 has been slightly revised to deal with the uniform allowance inequity in terms of civilian employees rather than merely foreign national employees. Upon further investigation and discussion with our Human Resources Division, a decision has been made not to pursue proposed item 100/1-32, which concerned a legislative exemption from certain federal personnel data reporting requirements, until further efforts have been made to exhaust all avenues of administrative relief. Legislative language for item 100/1-33, to expand eligibility for the Department of Defense death gratuity is attached. I have also included a provision to make permanent the SecDef termination authority for DIA civilian employees. In addition, we have discerned a taxation of benefits inequity for DIA civilian serving overseas similar to NSA and we have jointly agreed to submit a proposal which would contain amendments to resolve the inequity for both agencies. There are also three legislative proposals which do not relate to any item in the Legislative Program. One proposal seeks to exclude civilian intelligence officers and employees of DIA and the military departments from any civilian personnel end strength which may be imposed on the Department of Defense. A second proposal deals with exempting DoD intelligence programs and activities from any general and unspecified reductions to the budget for the Department of Defense. The third proposal would authorize personal services contract authority in certain situations for the Secretaries of the Military Departments and the Director, DIA.

G.D.P.

2. We would appreciate your inclusion of these items in the draft bill. Please do not hesitate to contact either myself or the General Counsel, if you have any questions concerning any of these provisions.

Sincerely,
